Cable Address "Bulac"

Dear Joshua:

I enjoyed so much being with you and being a part of your getting started as the new President of The Rockefeller University. As I both hoped and prayed, you will be a great leader there.

Please tell your dear wife that I'm sorry we didn't have a chance to chat, but I did guess who she was and managed to shake her hand as we were passing from the platform. Now I just hope I didn't pick the wrong woman, but I'm fairly confident I didn't, since I based my judgment on her beaming smile as everyone applauded you.

Thanks for the information on Dr. De. I do hope he is better recognized.

All the best.

Sincerely yours,
